Pomfret the class will be held.

Strategy and Tactics II: Everyday Emergencies

This two night one-day course takes the firefighter and company officer through the everyday calls that take up the majority of fire service responses. These are the most common calls where the responder deals with the citizens and public the most. These calls are often referred to as “nuisance” calls by first responders but to the occupant or those affected by it, the incident could be a crisis. Common calls involve; utility issues: gas, electric, water, carbon monoxide detector activations, oil burners and heating units, auto accidents and fires, elevator emergencies, dumpster fires, auto fires, automatic alarm activations.

Class Hours: 16 Course Fee: \$50.00
